Mr. Bill Miller
Algae-X International
PO Box 4011
Fort Myers Beach, FL 33932

Bill,

We at Devall Towing-Devall Diesel purchased some of your models in the past. We were having trouble with the injector nozzles on the Volvo engines we were running. It seemed every month we were traveling to one of the boats to change out the injector nozzles. After we installed the Algae-X system on these boats, we prolonged the injector nozzles life to every 3-4 months before changing. Also, smoking of the engines cut back.

Thank You,

Mike Devall
