Algae-X International
PO Box 4011
Ft. Myers Beach, FL 33932

Dear Sir:

I am writing you to let you know how pleased I am with the Algae-X unit I installed on my 1975 Marine Trader 120 HP Lehman.

Last August while on Seneca Lake NY, I went dead in the water in heavy seas. This turned into a "May Day" call due to an injury while being towed.

After talking with you last March, I purchased one of your units and installed it before launching this spring. I was really concerned about my fuel so I now check my filters at 10 hours, 20 hours and at 60+ hours of running. I haven't cleaned my tanks, but I did add your AFC-705 this spring, each time my filters were clean. No slime, no gunk. Algae-X works Great. All my boating friends know about it now. Thanks for a Great Product.

Sincerely,

Mr. Michael R. Barber
